There are other Guernsey dairy products available for you to try. Butter, cream, cheese, ice-cream, yoghurts, smoothies and of course, milk. These are available from the farms direct and various outlets. Although the A2 benefits have not yet been proven, if you are giving the milk a try then why not try the other Guernsey dairy products? If you're not trying it for the benefits why not try it for the taste?!

Please see our [Guernsey suppliers list](#) for contact information.
